

Murrysville Recycles!

- **In accordance with Pennsylvania Law (Act 101) and the Municipality of Murrysville's recycling ordinance, all businesses, institutions, and non-profit organizations must recycle as well as complete and return the enclosed 2009 Annual Recycling Report. If compliance is not met, fines could be issued for violating the recycling ordinance.**
- If you are a small business that utilizes curbside service or the communal recycling bins by the Public Works facility on Sardis Road, you still must indicate same on the form and return to the Municipality accordingly.
- Materials to recycle include: office paper, cardboard, newsprint, aluminum cans, steel/bimetallic cans, brown/clear/green glass, and plastic containers with the No. 1 and No. 2 stamped on the bottom. Examples of other items to recycle include: aluminum scrap, consumer electronics, fluorescent tubes, oil filters, and rubber tires.
- To complete the 2009 Annual Recycling Report:
 - ✓ Contact your recycling hauler to obtain the weights of the materials your organization recycled in 2009. Some waste haulers report tonnages directly to the Municipality as a service to their customers. If your hauler does not report tonnages to the Municipality, it is your responsibility to secure the information and documentation necessary to complete the form. Estimates of tonnages are not acceptable! **Copies of tonnage/weight records from the recycler must be attached to the Annual Recycling Report.**
 - ✓ If you take your recyclables directly to a recycling facility, you need to obtain the necessary information from your recycler to complete this report form. **Copies of tonnage/weight records from the recycler must be attached to the recycling report.**
- To set-up a recycling program, contact one of the following:
 - ✓ Allied Waste Services: 1-877-788-9400 (ask for Sales). Allied Waste will assist with ordering of a recycling container. There will be a monthly charge for the container.
